Program

The goal of FLASCO's Outreach Program is to bring together cancer patients, cancer survivors, caregivers, oncology experts and corporate supporters to learn and exchange information on CLL.

The conference will help the patient and caregiver:

- Become educated about CLL
- Understand the treatment options
- Learn how to participate in patient advocacy
- Be aware of the various patient assistance programs available to CLL patients
- Better understand the role of the caregiver

Presentations

CLL -The Disease

Treatment Options and the Future

Dealing With Complications

Patient Advocacy

Role of the Caregiver

Patient Assistance Programs

A one hour **Question and Answer** session, with all panel members participating, will follow the presentations.

FLORIDA SOCIETY OF CLINICAL ONCOLOGY

The Voice of Oncology in Florida

Mission

The mission of FLASCO is to facilitate and promote multidisciplinary efforts to improve patient care in Florida by:

- Fostering access to quality cancer care to the citizens of Florida.
- Assisting the cancer practitioners in providing the most cost effective quality care for their patients.
- Acting as an advocate for Florida cancer patients and their families.
- Coordinating the dissemination of information and providing an opportunity for oncologists, physicians, and other health care professionals to network and exchange information.
